Better bus service sought by city

Action stems from protest of 'jitneys'

Daly City fathers have decided to do something about poor bus service in Daly City.

Beleaguered by complaints of overcrowding buses, mechanical breakdowns and juggling of routes, they will attend a Nov. 14 meeting of the Public Utilities Commission to indicate their displeasure with the Northgate Transit System.

Mayor Joseph Verducci said the city has been "quite perturbed and disturbed" over the number of complaints.

The city, he added, has paid $3,500 for a professional report on transportation by a consulting traffic engineer. The study, called the Faustman Report, proclaims that annual losses of any city-owned bus lines would have to be defrayed by tax revenues and any modern transit system that is not self supporting.

There are two avenues left, according to Micheal DeBernardi, traffic chairman for the city council: municipal ownership or extension of the San Francisco bus service into Daly City.

The extension of the San Francisco bus service, said DeBernardi, would come about only if (1) San Francisco is willing (2) we are willing to pay.

"Up until this date they are not willing to extend their lines," DeBernardi said.

He added that he feels the Daly City transit problem will be a problem for the voters, due to the money involved.

The voters will have to make a decision, he said. "I see no way to get a better transit system in Daly City without added cost," said DeBernardi.

"It will have to be publicized and people will have to vote on it."

Mayor Verducci said that "nowhere do you see bus facilities at a profit."

Buses run at all hours and all times, he said, in the morning and late at night.

1962 Improvements

About Sept. 1 last year, due to the efforts of the Daly City-Colma Chamber of Commerce and the City Council, the transit system put through a number of improvements.

The lines agreed to watch the buses for cleanliness, to park in bus zones in residential areas and to run on 10-minute intervals.

Bus schedules were mailed and the PUC was to inspect the vehicles monthly for mechanical conditions.

Pests plague residents on Hoffman st.

Mud, birds, rats, gnats, mosquitos and horse flies plague the residents in the area of Hoffman street at the city limits of Daly City and Colma, according to Anthony Aiello, 4 Royce Way, president of Hillside Homeowners Association.

Aiello Monday night asked the Daly City council to help improve the situation.

There is a horse stables nearby he said, which bring forth swarms of horse flies down to the homes. When rains come, mud flows from Colma onto Hoffman street. In the past, several homes have been literally swamped with mud, he stated.

"A few years ago the mud went in the front doors, out the back and into the garages."

He said the county has not replied to their requests for help on the mud situation.

Another problem, said Aiello is rats. They eat the food which the street sweeper passes over and pushes into drains.

Not only that, he said, the lawns and streets are caving in and are sinking lower and lower every year.

The residents are also bothered by flies, gnats and bees in the area, said Aiello.

Mayor Verducci said he felt Daly City could do nothing about the mud because it is a problem caused from outside the city. Verducci promised help from the Mosquito Abatement District and San Mateo County health department on the problem of flies, mosquitos and gnats. The city could try to do something about the cleanup of the streets and would employ an exterminator to get rid of the rats, he said.

Fairmont directors are named

At a meeting held Oct. 25 at the home of Mr. Edward Libonati, 267 Edgewood Dr., Pacifica, the temporary board of directors of the Fairmont Subdivision Improvement Association named the following officers to serve until such time as a general election can be held:

President, Fred S. Stearns, 210 Springdale Dr.; Vice-president, Don D. Silverthorne, Jr., 51 Sunshine Dr.; Controller, Richard D. Kalman, 243 Gateway Dr.; Membership and Corresponding Secretary, Robert Baurmann, 296 Edgewood Dr.; Treasurer, David J. Kruse, 215 Gateway Dr.; Recording Secretary, Mrs. Ruth Horanzy, 249 Gateway Dr.; and Parliamentarian Edward R. Libonati, 267 Edgewood Dr.

The first order of business to be undertaken by the board will be the writing of by-laws for the association.

The by-laws will be voted upon by the general membership of the association at the earliest possible date.

GOING UP!—Workmen erect pre-cast concrete walls at First National Bank Building, Mission and Vista Grande, Daly City. The new bank is to be completed by January and will be Daly City's first "home owned" bank, according to president John Varni.

Ferrari dies Tuesday

John Ferrari, manager of the Colma Branch of the Bank of America died at 1:30 p.m. Tuesday after a prolonged illness at St. Mary's Hospital in San Francisco.

He was 62. He was born in Italy and came to the United States as a boy.

Mr. Ferrari had been an employee of the Bank of America for 42 years and the manager of the Colma Branch for the past 22 years.

Lincoln and Nauman Mortuary, 320 Maple St., San Francisco, are in charge of arrangements.

Funeral services will be announced later.

SSF votes 'yes' on Westboro

The South San Francisco city council voted 4-1 last Thursday in favor of annexation to bring about annexation of 537.5 acres of the Westborough subdivision.

The council voted in favor of accepting the second reading of a new ordinance. If unopposed, the ordinance will be effective in 30 days.

The lone holdout was councilman Emilio Cortesi, who also objected to the measure October 7 at its first reading.

And once again, sole objection from the audience came from Dave Ratto, a real estate broker, who contends that annexation of the land will mean higher costs for the city, while "the developer will benefit by $3 million."

All that remains of the Westborough unit is the inhabited portion, 124.5 acres covered with some 500 homes. This area is currently not a part of any city.

If the ordinance is not upset by a public referendum within 30 days after the ordinance is advertised, the annexation becomes final.

Council notes

A second reading of the ordinance for the Christen Ranch annexation was approved Monday night by the Daly City council. The annexation will be legally effective 30 days following this reading.

Councilmen put off action on selection of a city hall site until 6 p.m. Monday. A final decision is to be made at that time.

Dale Farnow of Daly City former Golden Gateway project appraiser in San Francisco, warned the council of 'defactor condemnation' of City Hall site properties. He said it is possible for properties to drop in value when one area is said to be of higher value than another in a city.

On a protest by R. Simonovich, 202 88th street, of possible unfair appraising by the city, Attorney Paul Hupf said all property owners would be given fair market value for their property.

The city, he said, appraised 18 parcels of property between Knowles and Los Banos for the one-way streets project. All but three of the 18 property owners, he said, accepted the city's offers as to fair market value. And only one of the contestants, he added, has a "decided" difference with the city.

—o—

The city set a hearing for Nov. 13 on establishment of Daly City zoning ordinance provisions for the Bayshore City territory.

—o—

The Council voted $500 to the County Historical Society on a request by councilman Frank Pacelli. Mayor Verducci suggested Daly City have its own section at the county museum depicting Daly City's past.

DC youths booked in shooting

Two Daly City boys were booked this week at the Youth Guidance Center on charges of assault with intent to commit murder.

The youths, Jerry Bear, 15, of 49 Palisades street, Westlake, and a 15-year-old friend, Dennis Rogers, of 752 Larchmont street, Daly City, had been picked up at Westmoor high school in connection with a gangland fight in Noe Valley in which two Riordan high school youths were wounded by pistol shots.

James Brady, 15, and of 1552 Dolores street and Philip Galu, 14, of 4233 22nd street, told police they were on their way to a church bazaar when the row broke out. A youth wearing a black jacket fired five shots with an automatic pistol. One bullet smashed into the chest of Brady and broke two of his ribs. He was in fair condition Monday. The other bullet hit Galu on the mouth. He was also in fair condition.

Three shots went wild.

Bear told police he had went with three other teenagers to help one of their number settle differences with a youth living in Noe Valley.

He said they were returning home when a group of boys poured out of a building on 24th streets.

Bear said the youths followed in a "mob" and one of them hit Bear.

Bear said he was knocked back five feet and pulled the gun. "I just wanted to stop them."

Galu told police he hit Bear because Bear was beating up on a four-year-old child.

DC woman in crash with police vehicle

A two-car collision involving a Daly City police vehicle resulted in minor injuries last Thursday for Mrs. Mildred E. Simmons of 612 Southgate avenue, Daly City.

The woman was injured as the police officer was rushing to investigate a burglar alarm failure at Wildwood street and Southgate avenue.

Mrs Simmons was taken to Kaiser Foundation hospital in South San Francisco when she compained of pains in her neck following the accident. Police officer Lester Bastedo was headed toward the Crocker-Anglo bank in the Skyline Plaza shopping center with his red light and siren on. He went into the northbound lane to pass another car, but as he attempted to return to the southbound lone, he collided with Mrs. Simmons. A citation was not issued.

Publish new county history

"South from San Francisco," a brief history of San Mateo County, is about to be published concurrent with the recent opening of the San Mateo County Historical Society building on the San Mateo College Campus.

The book begins with the discovery of San Francisco Bay, the subsequent explorations of Captain Fernando Rivera and founding of Mission Dolores.

The book recalls the peninsula in Mission days under the Kingdom of Spain, and the subsequent coming of the Americans with the development of the area since 1849.

Information on the book is available by phoning the Association office, DI 2-1421.

Mayors cool on county annex body

The newly-created county annexation agency met with negative response when discussed last week in San Francisco at the League of Calif. Cities meeting.

Mayor Joseph Verducci of Daly City, a panel discussion leader for cities from 5,000 to 50,000 population, said the majority of mayors thought the new agency would take away home rule and remove the voice on annexation from local people.

Annexation in California are now handled by county annexation commissions, instead of by individual cities.

"They expect a lot of difficulty with the law," Verducci said.

One of the hottest issues of discussion, he said, was the Bracero program and human rights and civil liberties issues.

Other topics of discussion included formulation of assessment district, lend lease purchasing for civic centers, the Brown Act, and incentive wages for civil service employees.

JUHSD to seek bids on property

The Jefferson Union High School District Board of Trustees Monday approved the sale of a piece of property belonging to the district.

The 6,000 square foot parcel is located across Westmoor Ave. and north of Eastmoor Ave.

The minimum figure set for bidding is $11,750.

Improvement to the site is limited to the erection of a single or multiple dwelling unit.

Bids will be opened Nov. 25.

Lodge protest on apartments

A rezoning application by Gus Pedemonte to build apartment houses on property he owns on 87th, 88th, and 89th Sts., was opposed Monday night at the city council meeting.

Charles R. Garry, 482 Wellington, attorney representing residents in the area, said this area is totally residential and to put in a "box house" situation creates a hazard and opens an avalanche of situations to follow.

Pedemonte is requesting rezoning from single family to multiple family.

Ninety persons have signed a protest petition against the rezoning, Garry added.

Garry said there is no room to park along Peoria St. and an apartment house would worsen the situation. Councilman Robert S. Clair said he's sure the council would not stand for so-called "cracker-box" construction.

City engineer William Chapman said the master zoning plan for the area calls for multiple family dwellings.

New school bus stop ordered

A new school bus stop in the 300 block on Bellevue Ave. will pick up high school pupils living in the Southern Hills area.

Members of the High School District Board of Trustees were told Monday that the new stop will pick up pupils living on Partridge Lane who have not been eligible before for transportation.

A survey by Superintendent of Schools Edward Morgan and Assistant Superintendent Fred Goodell in answer to a petition heard by the board at their last meeting was responsible for the move, Morgan told the board.

Under a board policy and a state law, pupils living less than two miles from a school must provide their own transportation.

Paddleboard trip ends in Pacifica

A 21-year-old lifeguard with plans to surfboard his way from San Francisco to Newport Beach, gave up his proposed 568-mile trip last week. He was washed ashore at Pacifica.

"I hate to quit," said Larry Capune of Newport Beach after he was blown ashore at Pacifica, "but I'd be crazy not to."

Capune had planned to make the trip in about 14 days, paddling ashore each night and then starting out again the next day with a small bag of provisions strapped to his outsized paddleboard.

He wasn't sure why.

"My stepfather says I have a driving compulsion," he had told onlookers when he pushed off from China Beach Wednesday morning.

"But when you want to do something, you got to do it to live with yourself — you know?"

But the paddleboard, weighing 80 pounds, would only make about two miles an hour. And when he pulled close to shore to get his bearings Wednesday afternoon the deeply tanned lifeguard was pounded by a thunderous wave and washed ashore.

He had gone only about eight miles.

"I'll try again next summer," he said.

Fire merger is official

The Bayshore and Daly City fire departments will merge Nov. 1, according to City Attorney Paul Hupf.

On that date, Bayshore will be officially absorbed into Daly City's department. Brisbane has officially withdrawn a court injunction halting the dissolution of the District, Hupf said.

Still pending, however, is a court decision on the distribution of the assets of the district, amounting to approximately $100,000.

Brisbane contends that it should receive about 55 per cent of the assets because of the assessed valution of the property formerly in the district now in Brisbane — the Southern Pacific lands.

Brisbane annexed the territory into its fire district after the first steps for dissolution of the Bayshore Fire district were taken and after the election dissolving the district was held.

Hupf contends Daly City is in the right because the city's action to dissolve was taken first and has precedence.

Chamber speaker

George L. Fox, executive vice president of the San Francisco Chamber of Commerce will speak on the "Chamber of Commerce and its Place in the Community," at the Daly City-Colma Chamber of Commerce installation and past-president's nite, Nov. 16 at the Olympic Club.

Elementary school cafeteria study

A committee will study the value of school cafeterias in the Jefferson Elementary School District.

Board members of the District, meeting Monday, approved the creation of a committee made up of citizens and school representatives who will study the acceptance and feasibility of operating cafeterias in the elementary schools.

'Good place to work' say teachers

Teachers who come from other areas to teach in the Jefferson Elementary Schools do so because of the general reputation of the district:

According to a survey conducted by the school district, the greatest number of new teachers were attracted by teaching conditions of the system, administration relationships and general working conditions.

Richard Foster, superintendent of elementary schools, told the Jefferson Elementary District Board of Trustees Monday that working conditions and the geographic location of the district — its nearness to a large metropolitan area — influenced more teachers in their choice than other factors.

A copy of the survey, shown to the board Monday, also revealed that initial contacts with the interviewer, instructional facilities available, proximity to colleges and universities and salaries also influenced their consideration.

School board says

Keep kids together

A policy governing the placement of pupils from large families in a single school in the Jefferson elementary school system—rather than assigning them to several schools—is being considered by the elementary school board.

The chart suggested by trustee O. Wayne Douglas will establish the practice of assigning pupils—"where feasible" to one school.

According to its wording, the plan is in consideration of the inconvenience to parents who must concern themselves with several school activities and the emotional needs of their children.

The policy, to be adopted at a future meeting of the board of trustees is as follows:

"The Board does not favor transporting pupils as a method of eliminating ethnic, cultural, racial or religious distinctions. Nor does the Board approve the gerrymandering of school districts in order to emphasize such distinctions.

"However, because of the unavailability of certain classroom space, it may be necessary, from time to time, to assign or transport pupils from the school nearest their home to another school farther removed therefrom. It is the express policy of this Board that any such move shall be made so as to disrupt, as little as possible, the educational, emotional and psychological development of each pupil and to keep to a minimum the inconvenience occasioned to the family insofar as participation in PTA and other school oriented parents' organizations are concerned.

"A consideration, in this instance, is the number of schools attended by pupils so assigned from one large family. Where it is at all humanly feasible, it is the Board's policy that transported pupils from one family be confined to one school."

"In connection with this instant policy, the Board is mindful, not only of the considerations that must be made, individually, in the case of any decision affecting the placement of pupils, but also that public education, if it is to grow and prosper, must have the support and participation of the citizens of the community.

"The Jefferson District is particularly fortunate in having citizens who are greatly interested in and anxious to contribute their resources toward our public school system.

"This feeling of our citizenry should be carefully guarded and nourished since it is the greatest force we have for the continued improvement of our public schools."

Mental health series

Early recognition of mental illness

Fifth in a series of articles on the need for Mental Health facilities in North San Mateo County.

By Mrs. Rolland Wick

Prevention! An important word. A word which is becoming increasingly familiar and certainly significant in the look at community mental health.

We hear it used with emphasis by Dr. Edward Macklin, a psychiatrist in private practice, a man making his home and raising his family in North San Mateo County, Colma, a member of the Psychiatric Task Force working on a study of the health facilities of the City and County of San Francisco.

We have talked with Daly City Mayor Verducci, Dr. Joseph Downing, program chief of the San Mateo mental health services, and Mrs. Grace Cohagan of the Family Service Agency. Now we wanted the view of a psychiatrist in private practice.

In examining community mental health problems in North County, Dr. Macklin poses some questions which point up sharply the drastic lack of action in the preventive direction. They are the kinds of questions which could be asked in any community.

"What is being done to encourage schools to accept the training of their teachers in the early recognition of mental illness?" (St. Louis, Missouri, has one of the most active early recognition programs in the country, with significant results.)

"Is there any kind of educational program at the high school level aimed at the problems and control of alcoholism?" (A group of teen agers are working on this problem in Arizona. They are members of Alateen, a group made up of youngsters whose parents are alcoholics.)

"What of the training of the 'exceptional' child? How effectively is our community meeting the problems of both the child with limited learning capacities and the child with a brilliant and eager intellect?" (Many problems arise from the needs of both these groups.)

Dr. Macklin points out that, according to statistics today, 20 per cent of the population could be diagnosed as having some form of mental or emotional illness. This includes such illness as senility (the mental informities of old age), alcoholism, mental retardation, as well as the other forms of recognizable mental illness. Ten per cent of these people seek help from sources other than those specifically "psychiatrically oriented," such as the county welfare office, their pastors counsel, maybe a marriage counselor. Five per cent are not seeking help. The remaining five per cent are those now getting treatment of some kind, either through private care, local mental health facilities, hospitalization and so forth.

These facts are taken from "Action for Mental Health," the report by tht Joint Commission on Mental Illness and Health of needs and resources of the mentally ill in the United States. These facts are as true in North San Mateo County as they are in South Carolina and New York.

"This 20 per cent will continue to be with us, and we will continue to use our resources, both in public and private funds, both in care and concern of individual citizens, agencies, community organizations. This picture will not change in any significant way unless we begin working at a different level—unless we become deeply involved with 'preventive methods.'" says Dr. Macklin.

As this psychiatrist puts it, "It is somewhat like watching the cream rise to the top of the bottle. Unless you change the content of the milk, the same amount of cream will continue to rise."

Next week Edward Morgan, superintendent of the Jefferson High School District, will answer some of Dr. Macklin's questions in the light of what is happening in Daly City high schools. He will also talk of some of the problems the schools face in the field of community mental health.

Government talks set

Almost every subject of mutual interest to city and county government will be discussed at the all-day Symposium to be held at the Hilton Inn at the International Airport Nov. 13.

The list of keynote speakers is headed by Senator Randolph Collier and Senator Richard J. Dolwig. Collier, called the father of the state's highway system, will discuss "Meeting City-County Highway Deficiencies" at the noon luncheon. Senator Dolwig will lead off a panel discussion at the afternoon session on "Mass Transportation."

Other keynoters include John D. Harrison, executive officer of the Regional Water Pollution Board, on "Sanitary Sewers"; William J. Phillips, Chairman of the Board of Supervisors of Orange County, on "Sanitation"; and Wilber E. Smith, executive director, Association of Bay Area Governments on "Bay Fill."

Other subjects due for discussion include Open Space Land Conservation, Flood Control, Airports, State College, Human Relations, Local Agency Formation Commission and a summation in relation to the business climate.

The symposium, "Synchronization of Local Government . . . Solving Growth Problems Through Home Rule," was instigated by Supervisor Chairman James V. Fitzgerald, working with Daly City Mayor Joseph J. Verducci, head of the County Mayors' Council. The goal is to get both city and county officials thinking and planning on a county-wide basis on mutual problems. The board chairman emphasized that the talks are in no way connected with any thoughts of consolidation of any agencies.

San Mateo County's mental health program, already a leader in the state and nation, will be enlarged soon to include a complete facility in the northern part of the county with a Jan. 1 opening date.

The board of supervisors has voted to increase this year's mental health budget from $1,517,909 to $1,977,085. County Manager E. R. Stallings explained that the new amendments to the Short-Doyle Act passed at the last session of the legislature call for stepped up programs in this field. Counties which do expand their programs will be eligible for 75 per cent of expenditures. The old regulations called for a 50 per cent reimbursement.

Stallings said the county would have to increase its spending program $87,000 for new facilities or lose $300,000 in state aid. It was voted to establish the long-sought day care center in the northern part of the county to qualify for the new state money. Assurances were given there would not be an increase next year.

* * *

The board of supervisors held up approval of a request of the County Fair Association for $31,748.66 to maintain and promote the fiesta next year. Manager Stallings pointed out that a new contract should be completed and signed before approval of any expenditures.

Bids are being called for seating and jurors chairs for two new municipal courtrooms in the old courthouse in Redwood City. With a third muni judge now serving in the south county, space was not available in the Hall of Justice.

After Governor Brown vetoed two new superior court judges for the county, the State Judicial Council assigned a fulltime visiting judge here. As a result, all municipal court functions are being moved to the old courthouse. Quarters now occupied by Superior Judge James T. O'Keefe, who will move to the Hall of Justice, will be taken over by Muni Judge Frank Comaich. Judges Roy Seagraves and Mel Cohn will have courtrooms in the quarters formerly occupied by the planning commission and the juvenile probation division. The municipal court clerk will also move to the old courthouse.

It is estimated it will be at least five years before the Hall of Justice addition can be completed and again bring all court operations under one roof.

Pedro Point art exhibit opens Nov. 2

The works of some fifty artists from the scenic coastside city of Pacifica will go on public display November 2 and 3 during the fourth formal fine arts and crafts exhibit by the Art Guild of Pacifica.

The historic Pedro Point Firehouse, Danmann Rd., Pacifica, is the site of this year's show, which will be opened by an invitational reception-preview showing on the evening of Nov. 1.

A distinguished jury of three well-known Bay Area artists will judge entries to determine prize winners among the paintings and works of other media. Prizes of cash, merchandise and ribbons will be awarded by judges Nevin Kempthorne of Novato, Mary Bailey of San Mateo, and Bill Sala of Hayward. In addition, a "Guild Award" and a "Popular Choice" award will be voted by Art Guild members and by the general public.

Halloween dance at Ben Franklin

On October 31, the Ben Franklin Recreation Department will hold their annual Halloween dance. The dance will last from 7:30-10 p.m.

Youngsters will pick up permit slips from anyone on the Physical Education staff. The seventh and eighth grade youngsters will not be allowed to enter the dance without a permit slip signed by their parent or guardian. The youngsters will not be allowed to leave the dance until its completion at 10 p.m. and then only when their parents or a responsible adult picks them up at the door.

The dress for girls should be informal and heels need not be worn. For boys, slacks and shirts should be worn, ties are optional.

Three break-ins in one night

Three burglaries were reported in Daly City last Wednesday night.

Burglars smashed a glass door at Peninsula TV Co., 6630 Mission street, and escaped with an unknown number of portable television sets. Police said the suspects used a white 1963 panel truck in the burglary.

The Broadmoor Richfield station, 93 Eighty-seventh street, reported the theft of a cigarette machine, six feet high by four feet wide, from in front of the station last night. Value was estimated at $100.

A number of tools, gas from a compressor and flashing from a roof were stolen from the construction area in the 100 block of Alta Vista drive. Foreman Alva Bryson reported the theft.

Halloween dance Thursday

The Daly City Recreation Department's annual Halloween Dance for high school students is slated for this Thursday evening from 7:30-10:30 p.m. at the War Memorial Community Center.

Open to all Westmoor and Jefferson High students, the dance will feature special contests, a door prize, and a judging of Halloween costumes which are optional to wear.

Admission charge is 25 cents plus a Jefferson or Westmoor student body card or Hi Fi Teen Club card.

Fine arts at W'moor

By John Tyson

Superseding the old Liberal Arts Guild at Westmoor is the Associated Arts headed by Cal Costa. Julie Clevenger acts as Vice President while Jane Wilson acts as Secretary-Treasurer. Program Chairman is Kathy Seltenrich, and faculty advisers are Mr. Selwyn Jones, Mrs. Brooks Darrow, and Miss Charlotte Lee.

Holding meetings every Tuesday, the club offers all its members the opportunity to paint, make pottery, sculpture and make jewelry. Discussions centering around the fine arts and field trips are also activities.

San Francisco State College was the site of a tour made by Associated Arts on Tuesday, Oct. 22. Mr. Ralph Putzker showed slides and lectured on perception. Street scenes with a repetition of telegraph poles and buildings, pebbles, shells, and waves on the sand, as well as gull droppings on the side of a building showed how the eye of the observer is important in perception.

After Mr. Pitzker's lecture, the members and their adviser viewed a special photography exhibit of Edward Weston. The exhibit, which was a retrospective one, traced the developmnet of Edward Weston, one of the earliest artist photographers in the West.

Mona Baker in sports section

Mona Baker's TV column appears this week in the sports section.

Her interesting and informative comment tells about Channel 7's presentation of the "High School Game of the Year" this Friday between Jefferson and Westmoor.

'PIGSKIN CAPER' publicity committee putting finishing touches on posters advertising the dance.

Westmoor Wanderings

By Sherry Rosen

HAUNTING YET HEROIC hush on the hilltop this week is only due to the fact that school spirit and lung power are all being carefully conserved for this Friday, to be released full force for the big rally and the Jeff-Westmoor game. Televised contest between the two arch rivals will be followed by the junior dance, "Pigskin Caper," optimistically referred to as the victory dance.

"On Being a Senior" was the subject of the recent senior class meeting and the pamphlet distributed at that time among the class of '64. Providing information about awards, social activities, military requirements, and college, its pages will be perused by many a concerned senior.

Among the deluge of college representatives also providing counseling and information to the grads-to-be is the University of Santa Clara spokesman who will be on campus next week.

CLUB CAPERS: Live iguanas and Geiger counters were featured at the recent Science Club meeting . . . Spanish Club-version of the Spanish classic El Cid tonight . . . Latest responsibility of the WHS Auto Safety Club is the handling of a special traffic court for vehicle violators of the parking lot. Senior Chester Doerr will relieve SB judge Kevin Burke of some of his judging duties or Chester will preside over the new hall of justice.

RAMSVILLE AT RANDOM: Young artists can be seen these days scattered throughout the courtyard during almost any sunny afternoon. Busily sketching Westmoor High from various points of perspective, the students themselves and their instructor create a pleasant scene, adding a lively touch to the otherwise empty mall.

CLASSROOM CLASSICS: Three California historians (junior grade) did some on-the-spot research on the farm "bracero" program last weekend, meeting with an official in San Francisco who took them to the scene of the action . . . Our befuddled biologist is now studying the particulars of a new style of classification which is based on species and "geniuses."

Many WHS sophs did a double take last Saturday eve when they thought they saw Elaine Pistoresi dancing on the Ben Alexander Show. They were right—Elaine reports that her debut was quite a thrill.

KISMIT: RAMPAGE co-editor Sheila Stavish will be expected to carry her crystal ball wherever she goes from now on. Trying her hand at a touch of Charles Schultz, Sheila, in the peak of health, cryptically including in her list of definitions the line, "Misery is catching mumps from your little sister." By the time the article appears in last Friday's Rampage, Madame Editor was at home in bed, looking, as she claims, "like Jackie Gleason."

Cub Pack 347 to meet Nov. 1

The regular monthly meeting of Cub Pack 347 will be held Friday night, Nov. 1, in the Parish Hall of Our Lady of Mercy Church. Approximately 30 boys will be initiated as new members of Pack 347, announced Cubmaster Jack Gilligan.

A report of the recent ice skating outing will be given as well as a schedule of coming events.

Teen clubs sponsor carnival

Carnival time is here! The doors of the War Memorial Community Center will open Saturday at noon on a gala fun-filled carnival sponsored by the seven teen clubs of the Daly City Recreation Department.

The carnival will run from noon to 10:00 p.m. on Saturday and from 1:00-5:00 p.m. on Sunday. Each of the seven participating clubs are furnishing members and parents to run one two-hour segment of the carnival.

Highlighting the carnival program which is geared for the entire family will be the special events and contests. Featured in this is the raffling off of a gigantic teddy bear at 3:30 p.m. on Sunday. Tickets will be sold throughout the carnival for this drawing at which the lucky winner need not be present.

New school safes will keep money

The Jefferson Union High School District will use strong safes to protect its schools' monies in the future.

On the recommendation of its insurance agent, the school district will purchase four type "E" floor safes and use a daily deposit system to prevent the loss of money from thieves.

Westmoor High School and Oceana High School were recently broken into by apparent professional safe-crackers who made off with more than $3,500 in the two hauls.

The Jefferson Union High School District Board of Trustees has directed Edward Morgan, superintendent of schools, to go ahead with the purchase.

Third graders on Bay cruise

To further develop geographical concepts, Miss Peggy Dwyer's third grade class went on a Bay Cruise. From the Harbor Princess the children viewed the San Francisco skyline, Fisherman's Wharf, Marina Yacht Harbor, Mile Rock Lighthouse, Angel Island, Alcatraz, San Rafael-Richmond Bridge, San Francisco - Oakland Bay Bridge, Golden Gate Bridge, and other interesting sights. Students could see tugboats pulling barges, sailboats, motorboats, and ships in the bay.

The captain took them under the Golden Gate Bridge, and the children experienced the rolling waves of the Pacific.

This tour will be followed by the students writing a story about their "feelings" during the tour. They will also make a mural of the Bay as viewed from Oakland.

Perfect weather conditions allowed them to eat lunch at Aquatic Park.

Mrs. James Madden and Mrs. Arthur Thomas accompanied Miss Dwyer's class.

Scientists

Young scientists in Mrs. Paula Shepard's and Mrs. Helen Boyle's class looked for "Signs of Fall" in Golden Gate Park. This was part of a science unit, and they were successful in noticing the Signs of Fall by illustrating their discoveries and discussing these discoveries with their classmates.

American 'fair play'

Americans are great believers of fair play — or so they would have everyone believe. "Sportsmanship" is a bye word — it's not winning but the game that counts is drummed into every boy. Even the Cub Scouts motto is "Be Square".

Consequently when Richard Nixon was the victim of riots in South America, or our leaders meet "Yankee go home" signs in Europe, we rose in righteous indignation.

Of course, when Madame Nhu, a visitor from Viet Nam is picketed, or insulted in American cities by American citizens, this is something different.

Or when Adalai Stevenson who received 50 million votes for president is spat upon and shouted at in Dallas, we are merely exercising our American right of free speech and assembly.

Or when a "right-winger" or a "left-winger" (whatever those terms may mean) are shouted down and condemned we are merely being free Americans.

The point we are trying to make is that Americans really are very thin-skinned, and there are those who feel that if something is not "American" by their own standards, it is wrong. These people condemn all who have a different point of view and will riot and assault the person who chooses to be different.

Freedom of speech, assembly, religion and right to petition the government for redresses are the important guarantees of the first amendment to the Constitution.

Those who would try to mold everyone into their own concepts of life and politics under the guise of exercising these same freedoms, are actually destroying them for all of us.

We certainly do not agree with extremists, right or left, religious or racial, but we strongly feel that to oppose these people with violence weakens the very foundations of a free society.

GOP workshop at SM college

San Mateo County Repuplicans will initiate a County-wide Precinct Workshop at the new College of San Mateo Campus Nov. 2 from 10 a.m. to 4 p.m.

Mrs. Merrit Hosmer, of San Carlos, county chairman of the precinct organization, announced that the workshop will have as panelists Joseph Martin, state committeeman of the state of California; Caspar Weinberger, state chairman of the Republican Central Committee; Dr. Gaylord Parkinson, state precinct chairman; Senator Richard J. Dolwig and Assemblyman Carl Britschgi from San Mateo County.

Admittance will be by precinct workers card only to the discussions starting at 10 a.m.

An 'All American lunch" will be served by the college cafeteria for $1.00 per person.

United Nations at Lions Club

The United Nations has been a strong vehicle for the preservation of peace in the world, James McElwain told members of the Daly City-Colma Lions club last Wednesday.

Considering that it has been remarkable, he continued. "For example, the action of the Assembly in the Suez crisis and in Africa have probably prevented disastrous wars," he pointed out.

While the United Nations provides an opportunity for nations to discuss rather than fight over issues, porblems between have and have-not nations remains a more critical area. McElvain said that until private enterprise in America can invest money and "Know-how" to provide a high standard of living in have-not nations, tensions will continue.

McElwain is with the circulation department of the New York Times.

The View From Behind the Badge

Written and Edited by Daly City Police Department

You limb into the car that rainy Saturday morning, and you drive across the bay. Lieutenant Klemme, of the South San Francisco Police Department, is with you.

The two of you speak of things professional as you travel. You stop once for a cup of coffee, for neither one of you has taken breakfast that morning.

When you arrive at the city of your destination, you look for a parking place. Leaving the car there, the two of you ankle to the City Hall. At that place you meet the Assistant Chief of Police, and the City Manager, and his assistant.

You also meet your team mate for the day. He is one Garratt, a Lieutenant from the Berkeley Department.

He is also the senior man, with twenty eight years service; you have fourteen plus years; Klemme has thirteen.

So you all get acquainted and become familiar with the lay of the land—and then the three of you settle down to work.

The Ciy Manager leaves the gathering. His assistant and the Assistant Chief of Police remain. Everyone is gathered in the City Council Chambers. The first candidate is announced and he enters. He faces his inquisitors.

The man is a Patrolman. He has passed the written examination for Sergeant. This is the oral phase. He can make it or break it at this point.

You lead the questioning. You ask him about the organization of his Department, about his specific assignemnts and experiences, and you probe for his likes and dislikes, and for his training habits and work rituals.

Klemme asks him the embarrassing questions. These questions. Klemme presses his points home and the candidate responds according to his ability and experience.

Lieutenant Garratt takes over the questioning in his smooth, veteran, knowledgeable way. He is an instructor in his own right, and at times shows a professor-like quality in his interrogation.

Garratt questions about study and training. He is interested in extra curricular self improvement. He believes in leaving something with the candidate, also, and dispenses study and procedural hints.

The morning passes. The Sergeant candidates appear one by one, are questioned, and are graded by each of the questioners.

Then, the city buys lunch, and the Lieutenants and Assistant Chief, City Manager and his assistant adjourn to the place where lunch is served. All hands chat amiably.

In the afternoon you go back to work. This time the tests are for Sergeants, who are going for Lieutenant. The pattern of questioning remains the same, for why change a winning team?

The questioning goes into more detail, though, and much more time is taken with each candidate. Each candidate is graded very carefully. It is not a relaxing thing, to hold a part of a man's career in your hands; at the same time, it is a rewarding experience.

You run overtime, but no one complains—it is a credit to the interest in the job at hand. Then you shake hands all around and say goodbye. You and Klemme drive home.

"Revolving credit"— New way to purchase

Many local residents seem to be in a spin about "revolving credit."

Perhaps a look at the law will cure the dizzy spell.

There are two kinds of credit sales covered by the Unrah Act, signed into law in California in 1959—the installment contracts or conditional sales contracts, and the revolving charge accounts, also known as "ad-on" accounts.

The buyer has a "ceiling" on a revolving charge on the maximum charges he can make. He agrees to pay a specific amount each month, plus a service charge. When his balance drops under this "ceiling," he can add on more purcheses.

A monthly charge cannot be computed in advance, but is computed on the amount that is actually owed for that month. The maximum service charge of 1½ per cent of the unpaid balance at the end of the monthly period on amounts of $1,000 or less, plus 1 per cent per month on any amount over $1,000.

There is no fee for credit investigation or servicing the account. However, if a contract is signed containing a "late charge" provision, the buyer may be required to pay a "late charge" at any time a scheduled payment is in default 10 days or more. This charge may be more than 5 per cent of the installment or $5, whichever is less, although the minimum charge may be $1. This charge may be made only once on each delinquent installment regardless of how long the payment has been overdue.

Before the Unrah Act was pased, a seller could reposses all items to satisfy an account, even though enough had been paid to pay off some earlier items. It is important for the buyer to realize that on an "ad-on" or revolving charge account, he receives title to the first or earlier purchases when the "time sale price" on the earlier items has been paid in full. This means that the seller can only reposses those later items purchased which have not been fully paid off. All payments as made are applied to the oldest purchases.

What Every Woman Should Know About Her Automobile

By WENDY WHEELER
Auto-Torium Feminine Driving Consultant

"THE RAINS ARE COMING"

Soaked . . . soaked, and ruined," I muttered about my new hat as I raced through the unexpected and unseasonable rain storm to the haven of my car. Sadly and soggily, I sat examining the ruin of the expensive bit of fluff, then finally dicided it was past any repair at all . . . and started for home.

During the dry summer months I forget how difficult it can be to drive in a heavy rain, and I drove for almost a block before I remembered the car had windshield wipers that would enable me to see through the windshield. Sheepishly, I flicked them on . . . and I still couldn't see . . . they just weren't doing any good at all.

Then the drip started . . . the top of my convertable had sprung a leak. I did make it home, but it was a miserable, wet, rather frightening ride.

The next day dawned bright and clear, and first on the day's schedule was a trip to the local Auto-Torium store to buy windshield wiper blade replacements. There was quite a run on them that day . . . it seems that rubber products "die," or turn brittle, after a while, and must be replaced periodically.

That problem solved, I asked the salesman what I could do about the leak in the convertible top. The answer turned out to be the same top dressing I'd bought with a friend of mine to re-color her faded top, . . . this inexpensive, colored, dressing is brushed on the top of a conversable and the color is restored, the top looks new, and it's completely waterproofed. Do try it, it works beautifully. But do it before the rain starts . . . not after, as I did.

Free copies of Wendy Wheeler's informative and entertaining booklet, "What Every Woman Should Know . . . About Her Car," may be obtained at any Auto-Torium Store or by writing her in care of this newspaper.

Something for Everyone

By Samuel Chandler

Writing books has become the avocation of retired statesmen. The latest memoir to be added to those of Truman, Nixon et al is President Eisenhower's "Mandate for Change-1953-1956."

This is a straight forward, day by day sort of document. The style is the same that the former president used effectively during his campaigns. It suggests his freedom from affectation and his downright approach to life. It shows Eisenhower's political growth, his trust for his friends, his suspicion for his enemies. It shows him as a man who looks upon the presidency as a call to duty, another commission.

Nevertheless, it fails to give an insight to Eisenhower himself. It does reveal his reactions to life in the Whitehouse as Truman's "Decision and trials of hope" nor does it defend the president's policies as Hoover's three volume memoir do. It does not have the intimacy of Eisenhower's own "Crusade in Europe." Moreover there is very little in "Mandate for Change" that is new. Through newspapers and commentators, we have learned of the Korean War, the troubles of Indo-China, McCarthyism, and the other issues of the Eisenhower years.

One redeeming thing about "Mandate for a Change" is a sort of philosophical undercurrent, that shows Eisenhower's growth toward political maturity while serving as president. It shows once again that the presidency of the United States carries with it responsibilities that make those who ome to the position rise to the challenge of the times.

Study trips programs at Olympia School

Various parts of Daly City and northern San Mateo County became "classrooms" for students of Olympia School last week when five classes took study trips.

Both morning and afternoon kindergarten classes in room 8 visited the fire station at Lake Merced Blvd. to see the facilities and equipment of a most important community service.

Mrs. C. Rey's second grade at Olympia School went "behind the scenes" at the Westlake Food Center on Tuesday, October 22nd. In order to further their understanding of "How we get our food," Mr. H. Garber, head clerk at the market, conducted the children on a tour of the supermarket's large warehouse.

The purpose of the trip was to help the children gather information to offer competition to the local market by setting up a supermarket of their own in their classroom.

The top of the San Bruno Mountains was the locale for orientation of land and water areas of the Bay Region for the third graders in Mrs. Mattson's and Mrs. Lamp's rooms. To further their map reading skills and gain geographical concepts such as natural features, man-made features, routes, and direction, the children took relief maps, compasses and field glasses along.

Fullbright speakers at 'International Nite'

Fullbright teachers from Argentina, Korea and Finland spoke at "International Night" held October 22 at Lincoln school.

Miss Hoberman from Buenos Aires, Argentina, explained that the American educational format is much the same as Argentina. She spoke of the geography, economics and government of her country.

Mr. Lee from Korea, said he taught English in his country but it was not the English we speak in America.

He said there were approximately 80 students in most primary classes in Korea and tuitions must be paid in the secondary schools, high schools and colleges.

Mr. Visapaa talked of the educational prospects for Finnish children. A compulsory education act was put into effect in 1921 whereby it is compulsory for children to attend school until the 8th grade.

Mrs. George Hersom, International Relations chairman, decorated the Multi-Use room more lavishly than it has ever been before. She had flags from the speakers' homeland and multi-colored posters from many foreign countries brightening the walls. Three tables of articles lent by foreign born parents for display were set up. There was a table groaning under the weight of delicacies baked by foreign born mothers.

Voyagers Mariners clean-up

The Voyagers Mariners of the Broadmoor Presbyterian Church, 377 87th St., Daly City, sponsor a clean-up day in and around the church building this Saturday, Nov. 2, from 10 a.m. through the early afternoon. Those there over the lunch hour are asked to bring sack lunches with coffee being served. Members and friends of the congregation are invited to share in this event.

Service projects are typical of the purpose of this organization for married couple, a local "ship" of the National Presbyterian Mariners. The purpose is "a safe journey of the sea of matrimony with Christ as the Pilot, the Bible as the Compass, and the Church as the Anchor." Service projects are known as "carrying cargo."

Other current projects are serving refreshments at the Friendly Times held monthly on the first Sundays after the 9:30 and 11:00 a.m. worship services. This the Mariners couples do every other month, alternationg with the Board of Deacons. Another prospect is the promotion of the use of the church library along with the sale of 50 cent paperback religious books under the chairmanship of Stuart and Ruth Hoppin. The Mariners also arrange and lead the Sunday worship service on a Sunday in August each year when Rev. Herbert Tweedie, pastor, is on vacation.

Officers of the local group are Bill and Dale Powers, Skippers; Dave and Dorothy Edwards, First Mates; Stuart and Ruth Hoppin, Yoemen; Bill and Jane Filkins, Pursers; with other couples being Lookouts, Chefs and Chaplains. Meetings are usually held the first Saturday evening of each month with either dinner or dessert. Couples interested in association together in the purpose of the Mariners are cordially invited to contact any of the officers.

Mrs. James Hamilton, association president, has announced that the agenda for the business session will include a report by the chairman of the nominating committee, Mrs. H. C. Suenderman, and a dedication of the Least Coin by Mrs. T. T. House.

Members and friends of Broadmoor Presbyterian are invited to attend.

Mail early for overseas

Nov. 1 to Nov. 20 has been designated for the mailing of Christmas parcels by surface transportation to overseas points and to members of our Armed Forces, Daly City Postmaster Vincent P. Murphy said today.

Airmail parcels to overseas points may be mailed from Dec. 1 to Dec. 10 and greeting cards, assigned to foreign points, should be mailed during the mailing dates for parcels if they are to have a reasonable expectation of delivery prior to Christmas, the postmaster explained.

The long sea transit involved in sending parcels, customs technicalities and other formalities at countries of address require an early mailing to avoid disappointment.

All stations of the Daly City Post Office will assist with any information required.

THE LANGUAGE OF DERMOTOLOGISTS
Impetigo, ecthyma, sycosis vulgaris and paronychia are not words that you would ordinarily hear during your average day. But, they are part of the everyday language of a physician. These particular words refer to specific skin conditions that must have a certain type of treatment.
There are many products a dermotologist can prescribe to help a person with a skin condition. We carry them in our pharmacy. On many occasions we compound a special formula at the request of the physician.
YOUR DOCTOR CAN PHONE US when you need a medicine. We deliver promptly to Daly City, Westlake and St. Francis Heights without extra charge. A great many people entrust us with their prescriptions. May we compound yours?

Funny how he always asks for a bank reference.
To someone who doesn't know you, there is no better reference than your banker. Because credit is his business, a banker is in the best position to vouch for your dependability. That's why a word from him can often smooth the way for any financial transaction—whether you're buying a car, building a home, starting a business or opening a charge account at the corner store. One of the best ways to get a bank reference is to have a savings account. Why not open one today?

From A Feminine Viewpoint...

By Mona Baker

As we go about our busy lives concerned with families, homes and communities, most of the time we are too busy to look beyond the four walls of our homes. Sometimes, however, it is good to look beyond the four walls and be concerned with what goes on in the rest of the world.

As mothers and homemakers, community women have a deep interest in children. They work long hours for mother's clubs, PTA, scouts and other groups that benefit the youth of the community. This is as it should be. Our first concern should be for our homes and community. But looking beyond those four walls we see children throughout the world in need of assistance.

There is an organization which is a part of the United Nations called UNICEF that is doing something for these youngsters in need bringing them food, medicine, milk, helping countries to cope with poverty and ignorance. Since UNICEF is not financed through the regular UN budget, it must get its support through voluntary contributions from individuals and governments.

One of their sources of funds is the annual sale of UNICEF greeting cards. Beautifully designed by famous international artists, the cards are most suitable for Christmas greetings and for year-round occasions. Also there are several items that would make delightful Christmas gifts, a colorful, illustrated book "Children Come Running" and a desk calendar.

If you are interested in securing more information about the cards you can contact Mrs. Annelose Peters (DE 4-2338) who lives in Daly City. She will mail you a color brochure upon request or for groups she will be happy to set up a display of the cards and gifts.

Because she always has done such a wonderful job as "ways and means" chairman for organizations, our community leader this week has headed many fund-raising activities of the community during past years. This year again, she has agreed to be "ways and means" co-chairman for Westmoor PTA. In this capacity she is busy organizing the group's annual fund raising dinner to be held on December 7. Always an extremely successful affair the dinner is attended by almost eight hundred and fifty people.

During the past twelve years she has served every year on PTA executive boards usually heading their benefits.

She has also been a den mother for Cub Scouts and at different times headed their fund-raising events. Formerly president of Sigma Tau Omega (service sorority), she has worked with that group's activities helping underprivileged children. Each year she has been a block chairman for every community fund drive.

We salute Betty Perry as our community leader of the week. Residents of Westlake for twelve years, the Perry family, husband, Edward and two sons (Edward and Bob) live at 46 Terrace Avenue.

ART FESTIVAL: Do you hope you'll take a few hours this weekend and drive down to Pacifica to see the beautiful paintings, sculpture, mosaics and other dramatic art pieces on display when the Pacifica Art Guild holds their 4th annual Arts and Crafts Exhibition. The exhibit will be open from 10 a.m. to 6 p.m. on Nov. 2 and 3 at Pedto Point Firehouse. A door prize will be given away each day — a lovely piece of handmade pottery by Larry Kempher. Greeting visitors will be Angel Stewart who will serve as hostess. If you are interested in any of the art objects on display talk to any of the Art Guild members. You can recognize them because they will all be wearing tiny palettes with their names on.

NEWS BRIEFS: Wondering what to do with your extra Betty Crocker coupons and Blue Chip Stamps that have been piling up in your cupboard drawers? Bunny Gillespie wants them. As local representative of the Inner City Guild of San Francisco she is collecting them for the group. This active women's organization helps support destitute churches in San Francisco. The Guild is made up of women from various denominations who help with recreation and other activities to bring a community feeling to various areas. If you would like to donate your stamps and coupons to this worthy cause, just drop them in an envelope and mail them to Mrs. Gillespie, 1067 Gilman, Colma.

The Peace Corps, its goals and objectives will be the topic of a discussion by Mr. and Mrs. Robert Ragsdale when they appear as guests of the Friends of the Daly City Library on Nov. 7, at 8 p.m. in the Westlake Library at 275 Southgate Ave. The public is cordially invited.

F. Crittenton fall "fantasy" fashions

One of the busiest groups in this area is the North Peninsula Circle of the Florence Crittenton Home. Their coming luncheon-fashion show "Fall Fantasy" to be held Wednesday, Nov. 6, noon at Forest Hill Lodge, 266 Laguna Honda Blvd., S.F., is only one of the many activities of this circle. Plans for a Parent education program are under way, under the circle's chairman, Mrs. Peter Markovich.

Mrs. Carl Steigerwald holds knitting classes one day a week for the girls in the Home and often has small groups of girls from the home on outings and luncheons. Mrs. Thomas Bocci hosted several groups of the girls to her summer home for a day in the country, lunch, and swimming.

Waltz through washday with a dryer!

The tempo of washday is relaxed when you have an automatic dryer. You don't have to lift and lug those back-breaking baskets of wet wash any more. (The average homemaker handles about two tons of wet wash a year.)

Ironing is easier, too. New damp-dry settings make clothes come out just right for ironing. And some fabrics come out so wrinkle-free, they need no ironing at all.

You'll be able to dry your wash at any hour of the day or night in any weather. Laundry comes out soft, fluffy... looks and feels good. And a dryer's ultra-violet light gives your clothes the sweet scent of summer sunshine.

You'll save money on clothing—especially for "small-fry". Clothing lasts longer, and fewer clothes and linens are needed when you can wash and dry *any* time. Why not waltz down to your Reddy Recommended Dealer's today?

First hootenanny held at Westmoor

By Dave Sholin

Sounds of folk music are being heard everywhere and Westmoor High School is no exception.

Westmoor held its first Hootenanny on Oct. 18, 1963. Folk singers from San Francisco State College participated in the one-hour song fest.

The show, under the direction of Vic Dubins, a San Francisco State singer and guitarist, offered a chance for all students to sing.

Bringing culture with him was another San Francisco Stater, Nathan Zachiem, who performed some Jewish folk songs.

Also performing was Westmoor Senior, Alan Miller, who sang "Greenbach Dollar." Junior Stacy Cusulos led the Westmoor Chorus in "The Land Is Your Land." Lynette Fishel, a 1962 graduate of Westmoor and former Miss Daly City, also performed in a duet with senior Sutton Doeg.

Judging by the applause, the show was well received by the student body.

'Pigskin Caper' dance slated at Westmoor

By Rita Fahrner

"Pigskin Caper," the Junior Class Victory Dance, will be held Friday, Nov. 1, following the Westmoor versus Jefferson football game.

Being televised again this year will be the annual "big" game between the rival schools.

Two goalposts, one Westmoor's green and white, the other Jeff's blue and gold, will adorn the Westmoor cafeteria, as the motif of the dance will be the hopeful Westmoor victory over Jefferson.

Sharon Marshall heads the decoration committtee—assisting her are Rhona Hoffman, Sharon Fields, Judy Jensen, Sue Haley, Gary Wechsler, Tom Simmons and Elsie Tayton.

Janet Boitano, Virginia La Chante, Sue Wiard, Karen Miller, Julie Kuert, Trudy Jesselyn, Jackie Lutz, Cindy Travinsky and Bonnie Goldberg are also helping to decorate.

In charge of refreshments is Mary Messier, while Sue Waters handles the publicity, assistant Linda Ransom, Linda Hodgskiss, Pam Kulberg and Alice Cantwell.

Junior class adviser, Mr. George Simon, has been working with the students on their dance.

BEAUTIFUL FASHIONS by San Francisco Couturier, Talven, delighted the members of Mary's Help Hospital Guild and their guests at the fall luncheon and fashion show presented Oct. 16 at the Lakeside Olympic Club. Proceeds from this successful event will be turned over to Mary's Help Hospital Building fund toward the $50,000 pledge made by the guild. Nadine Deran is modeling a winter white suit highlighted by pure gold braid.

All-night laundry draws complaint

The Daly City council Monday promised a Geneva Ave. resident extra police surveillance of an all night unattended laundromat which allegedly draws a noisy clientele.

Myrtle Halvorsen, 2018 Geneva Ave., Daly City, complained by letter to the council of being awakened by loud noises, screaming and other activity at the laundromat nearby.

She reported seeing a woman dragged in and out of the place by a man and of a man drying himself with a towel who had apparently taken a bath there.

Councilmen promised to alleviate the situation.

"College Night" at Westmoor is November 5

By Sue Sherman

"College Night" will be held in the Westmoor High School Little Theatre on Nov. 5, an evening when interested parents may become acquainted with facts and figures pertaining to higher forms of education.

Given to parents will be a booklet discussing college entrance requirements, scholarship information, how to apply to college, the value of a college education, and loan funds.

Miss Margaret Riggs, Dean of Girls, will speak on how to choose the right college, the advantages of various colleges pertaining to individual interests and vocational aspirations, differences among state colleges and state niversities, college entrance examinations, test dates, and cost of college.

Supplying additional information will be Mr. Clayton Kollman, Dean of Boys. He will cover problems concerning loan funds, scholarships, and how to finance a college education.

Starting at 8:: and lasting until 10:00, the evening will provide opportunity for parents to ask questions concerning the future education of their child.

Troop Lo-He-Go Halloween plans

Hospitalized children at Mary's Help Hospital, San Francisco, tomorrow will be celebrating Halloween, thanks to Westlake's Camp Fire Girls' troop Lo-He-Go.

The children under the leadership of Mrs. Lennart Johnson and Mrs. Leonard Leibowitz spent last week making scarecrowd costumes using lollipops as the base. The yougnsters, according to Mrs. Johnson, wanted to be sure the hospitalized children would also have their share of the usual Halloween candies and festivities.

Troop members are: Donna Aquesti, 838 North Mayfair; Corinne Berman, 62 Dorchester; Debbie Bercovich, 99 Parkside; Maureen Keasy, 30 Fleetwood; Julie Johnson, 19 Garden Grove; Jill Leibowitz, 27 Parkside, and Pamela Wendell, 191 Glenwood.

Enlarge car accessory store here

The expansion of facilities at the Stonestown Auto-torium Store is now complete, announce store officials.

The new, additional service center facilities with complete auto shops cover over 1,200 square fet, including enlargement of the store area.

The Stonestown Auto-torium store now has over 3,200 square feet of store and service center space in addition to the adjacent parking lot.

"The expansion was necessitated by a constantly growing volume of business and demand for service in the Stonestown area," manager Dick Thompson said.

Auto-torium Stores claim to be one of the largest groups of tire, battery and auto accessory stores in Northern California with one outlet in Westlake and five in San Francisco.

F. Rivera festival time

It's festival time at Fernando Rivera School! A "Gay 90's" theme will be used by the Fernando River PTA for the gala event from 6 to 10 on Friday evening, Nov. 15, in the multi-use room.

Plans are under way to provide fun and food for all!—a white elephant booth, handmade items perfect for Christmas gifts, games for everyone and plenty to eat!—pizza, soft drinks, coffee, candy cakes and pies. Why not treat Mom to a night away from the kitchen, come early and have dinner. The Balloon Man will be there, the perfect touch to thrill the youngsters and add a bit of nostalgia for the oldsters.

The Festival Committee is bing led this year by Mrs. Donald Garrity, aided by Mrs. D. L. Dilbeck, heading the Decorating Committee. Mrs. Stanley Van Hoek is in charge of the tickets. The refreshments are being planned by Mrs. Paul Milani and Mrs. Lewis Hess will provide the posters to be placed in the shopping center.

PEELING PAINT

Often peeling paint is caused by excessive moisture coming from within the house. You should have an expert check. Sometimes vents, strategically placed, will save paint jobs and let moisture out.

Rams clobber Oceana, Indians over Terra Nova

The Jefferson Indians came through against Terra Nova Tigers Friday to take their first win of the current season.

The Daly City tribe rolled up a 25-12 score to hand the Tigers their second league loss and their fifth defeat in five games.

This is the Indians first win since last year when they defeated South San Francisco 26-20 in their 38th annual play against the South City Warriors.

The Indians took the Tigers in spite of the loss of five men injured during the Nov. 18th meeting with the Warriors.

McGrath had only 26 men suited up for last Friday's battle.

Inexperience is still plaguing the Tigers as the Indians proved by covering 234 yards rushing against the Tiger's 54 and 106 yards passing against 91.

The Jefferson eleven gained 15 first downs during the fracas to Terra Nova's 6.

A resolved Terra Nova team — fired up by Tiger Coach Robert McKamey—nicked the Indians for the first score early in the first quarter.

The Tigers used a recovered fumble picked up midway in Indian territory to set up a two play march.

The successful try ended with a Dave Archibald run over the Indian goal line on a pass from quarterback Marty Coil.

But Terra Nova didn't cross the Indian flags again until the final period when Tiger quarterback Mike Blagrove went over on a 10 yard run.

The Indians ended the first quarter with two TD's hanging on their belts. They made another in the second period and a third in the final four minutes of play.

With 90 seconds left in the game, Jefferson was still threatening close to the Tiger goal.

Indian halfback Leo Gotelli produced the first counter for Jeff with an 85 yard kickoff return from his own 15. This followed the Archibald romp.

The second came from a completed 34 yard aerial try when Rich Cuadra sent a good one into the hands of end Ron Sawyer.

Seconds later, Gotelli made it all worth while with a 7 yard run to complete a 48 yard drive for the score.

Another 34 yard Indian aerial in the second quarter from quarterback Don Fisicaro to Gotelli set up a 4 yard Jessie Bulatao run to make the third count.

Al Namanny ran the PAT to end the half 19-6 for the Indians.

Jefferson's last clincher came with four minutes still left to play.

Beginning with an 11 yard pass from Cuadra to end Paul Howe followed with a 13 yard run by Al Namanny, the move ended with Don Fisicaro punching over from the two yard line for the final 25-12.

Gators vs. Humboldt

Stimulated by an improved performance against the Cal Aggies last Saturday, San Francisco State's Gators will be battling to stay in the Far Western Conference race when they face the powerful Humboldt State Lumberjacks at 2 p.m. Saturday at Cox Stadium on the S.F. campus.

The Gators tied the Aggies, 10-10, while the Lumberjacks were eking out a 3-0 win over Nevada. Humboldt has won twice in the FWC while S.F. State has lost one and tied one. Sacramento State also has won two. Last year the Gators won the title with a 3-1-1 record.

The Gators won their first three games, non-conference affairs, this season but never had a defisive advantage in statistics. At Davis S.F. State clearly out-played the Aggies but couldn't outscore them. Six intercepted passes and a lost fumble stalled the hard-charging offensive unit. The Gators led in passing, 150-42 yards, in rushing, 149-110 yards, and in first down, 16-10.

Cycling program gets good start

A new program of bicycle activities has been started by the Daly City Recreation Department and several interested adults have offered their help and experience in cycling to the program. Present Saturday were Robert Neff, member of the Western Wanderers; Peter Bohl, American Wheelman; Don Brady, and Mrs. Helen Staub, mother of Dave Staub, Daly City resident prominent in bicycle racing. Many children present received tips on cycling and ran time trials on the quarter mile track.

FRIAR ROOM THEFT — Edward Olsson, manager of the Friar Room restaurant at the Serra Bowl, points "they went that-a-way" as he pauses to congatulate Broadmoor police officers (left to right) Irving Schwartz and Charles Mannon for their fast action in recovering this painting taken Saturday night from the Friar Room. Police dog Czar gave an assist in the speedy capture of two culprits within 10 minutes after police received crime report. Monthly art display is a new highlight at the Friar Room. Heavy framed oil painting was "selected" by two men, carried out a side door and placed in a car on the restaurant parking lot.

Westmoor tied with SSF Jeff ranked second in NPL

By the Westmoor High School Sports Staff

Under the direction of junior quarterback Don Elston, Westmoor jumped off to an early lead over Oceana and held it to coast to a 32-14 victory Friday on the winner's field.

Elson, replacing the injured Bruce Hix, called the shots for big halfback Dave Mahoney and the elusive Paul McHale as each of the twosome hit paydirt twice.

The Rams hit quickly in the game with McHale assisted by a block from Mike Morrison. The play went 67 yards off left tackle with 51 seconds elapsed in the first period.

Minutes later, on a drive highlighted by Elston's 24 yard pass to Marc Mallinger on the five, McHale went over.

After Dave Mahoney bolted over for the extra point it was 13-0.

The Shark offense failed to gain momentum in spite of the direction of shuttling QB's Steve McCaughey and Cavallero.

Their early attack centered around the running of speedy Bill Resen, but found no daylight in Westmoor's big forward wall.

The Rams struck again before the first period was over, with Dave Mahoney going 65 yards over left tackle for a 19-0 bulge. Mike Morrison again provided the key block.

Mahoney, selected as one of Northern California backs of the week for his performance against Serra, had his biggest day so far, grinding out 212 yards.

With eleven seconds gone in the second quarter, Elston rifled a 38 yard pass to Morrison to keep the scoring flurry alive.

Along with Mahoney's PAT, the Rams' held a 26-0 halftime advantage.

The Shark defense appeared to settle down in the second half and the offense showed signs of coming to life.

Just into the third quarter, Oceana erased the 0 on the scoreboard as Summy went 32 yards off tackle for 26-6.

McCaughey's pass to Resen for the point after touchdown gave the Sharks a 19 point deficit to make up.

It almost appeared that the boys from Pacifica would score again as they went all the way to the one-foot line the next time they got the ball.

This sustained drive, highlighted by the pass catching of Resen and Telegan and the running of Summy and Cavallero, came to an end as the Ram defense tightened.

The Sharks got a second chance when Westmoor fumbled to Oceana on the next play, only to have the ever-present Mike Morrison pull the Rams out of trouble with a goal line interception.

After a two-period drought, Mahoney added another six by crashing over right tackle for 42 yards and a 32-7 lead.

Oceana's scoring ended with McCaughey sprinting fifteen yards around end with 5:39 left in the fourth quarter.

The point after touchdown was added by McBride and the score stood 32-14 for the rest of the game.

The Rams meet Jeff this week in the regionally televised tilt at Westmoor.

Coach Pete Matisi's boys hope to increase their 2-0 league mark during the "High School Game of Week."

Warriors crowd Rams with El Camino win

Westmoor's chief challenge to their expectation of a Northern Peninsula League championship now appears to be Coach Ray De Jong's South San Francisco Warriors.

The South City squad took a hard-fought contest away from Coach Bob Sexton's El Camino Colts Friday 8-2.

This ties the Warriors with the Rams for first place in the NPL.

The Rams, however, are still out in front with points scored in all games to date.

The loss for El Camino puts them out of the shared front running spot and drops the Colts into a tie with Jefferson for second place.

Lots of action last Friday — all in mid-field — held play to a standstill during all of the first quarter and most of the second.

South San Francisco broke the deadlock with slightly over two minutes left in the half on a recovered Colt fumble dropped on the El Camino 14 yard line.

Warrior quarterback Larry Cervelli made the threat good by running the ball over in the next play to score the only TD of the hassle.

A Colt stop by Ernie Tressitte, catching Warrior Greg Jones behind his own goal, gave the El Camino team their only mark in the game.

South City repeated the performance later — at the tail end of the game — when Warrior Joe Del Carlo flattened Colt quarterback Mike Tyler in the El Camino end zone.

'Jeff isn't beaten yet' ... McGrath

The ever hopeful Joe McGrath — the Jefferson Indian coach who doesn't give up — said last week, "The Westmoor game won't be over until the gun goes off."

In spite of the fact that some experts are already giving Westmoor the upcoming game between the Rams and Jeff this Friday, McGrath isn't selling his tactics or his team short.

"I believe in positive thinking," said the NPL gridiron dean.

"When I was playing ball, I believed in that; and I still do," said the man who has lots of football behind him.

"Sure, they're picking Westmoor over us; but we won't know what is going to happen until we get out there next Friday," he said.

"We've been shaping up for this game and there have been lots of upsets recorded on the books," said McGrath.

McGrath knows he is sending his outfit up against a powerhouse and a well coordinated team; but, as he says, the game isn't over yet.

Westlake hurler in one-hitter

Lou Ferrari of Westlake, pitcher for the San Francisco A&G Vacuum aggregation, recently pitched a one-hitter against the 2400 Club to win by 11-1 in nine innings.

Ferrai allowed the one hit from the first batter in the first inning.

The 2400 Club's only score came on a third baseman's error in the sixth inning following a walk.

Ferrari struck out 13 batters in the duel.

Jefferson runners beat colts

Jefferson ran away from El Camino last week to turn in a definite 15-47 in the cross-country varsity division and 27-40 in the frosh-soph class.

Cross-Country Coach Norm Cady is predicting his Indian runners are going to be a challenging threat by the time the finals meet takes place. "We'll be ready," says the cross country guide.

"Most of our runners have improved their times and they ran a good race against El Camino.

Jeff had 11 men crossing the finish line in the varsity class before the Colts fifth man passed the timer.

In the frosh-soph division, again, 10 Jefferson men finished before the fifth El Camino man crossed the line.

Jefferson ran their JV's with the varsity because of a lack of manpower.

Second place went to Reynao of South City.

Chris Bravos, Bob Beukers, and Ed Raymond followed close behind in fourth, fifth and sixth slots.

Coach George Simon was well pleased with the team and is looking forward to the El Camino and league final meets.

Junior Varsity competition was not officially held so Ram J-V men ran in the varsity race.

Leading the JV's were juniors Bob Teusher and Stan Nelson and senior Tom Slavin.

TV and RADIO

By Mona Baker

Three telephone poles erected, 3,000 feet of cable laid, two special steel scaffolds constructed—this is only a part of the "behind-the-scenes" activities by KGO-TV to bring this Saturday's Westmoor-Jefferson football game to television.

In addition the broadcast requires approximately twenty-one members of the station's staff working on camera and in various capacities. Three cameras will be used for the football telecast, two equipped with special lens that bring such clear closeups that you can actually see the lacings on the bootball.

A remote telecast is quite an undertaking. First a survey of the land where the telecast will originate must be made followed by conferences with school officials and the telephone company. On the day of the game KGO engineering personnel will arrive at the field at approximately 7 o'clock in the morning working practically all day setting up for the telecast and finally recording the game.

Long after the last football fan has left the field the engineers remain to pack up their equipment. Back to the studios more hours are involved in editing the film and getting the show ready for next morning's telecast.

This is the third consecutive season for high school football on Channel 7. The local station has established a fine reputation for its excellent youth programs of which the football telecasts are such an important part.

The "Prep Player of the Week" feature of the series was awarded a special citation by California Associated Press.

KGO has provided top-notch talent for the telecast. Popular sportscaster Bud Foster will describe the action, Carlton Cordell (featured on "90 for News") will be color commentator and well-known producer, Robert Crawley, will handle production details.

We think this high school television series is fine public service on behalf of KGO-TV and the sponsor, Pacific Gas and Electric Company. It is important recognition for young high school athletes as well as their schools and outstanding students who are saluted during half-time activities.

Remember the time—8 a.m. Saturday, Nov. 2, Channel 7. Be sure to tune in.

WESTMOOR field layout where telecast will be made this Saturday by KGO-TV is studied by Glenn South, principal of Westmoor (left), Peter Matisi, Westmoor football coach, and Robert Cawley, producer of KGO-TV football games.

NOTICE IS HEREBY GIVEN that sealed proposals will be received by the Board of Supervisors of the County of SAN MATEO, State of California, at the office of the County Clerk and ex-officio clerk of said Board of Supervisors in the HALL OF JUSTICE, City of REDWOOD CITY in said County, California, on Tuesday the 19th day of November, 1963, at the hour of 10 o'clock A.M. for the purchase of bonds of JEFFERSON UNION HIGH School District, of SAN MATEO County, State of California, more particularly described below:

ISSUE: $660,000.00, 1962 School Bonds, Series B, consisting of 660 bonds of the denomination of $1,000.00 each, numbered B-1 to B-660 inclusive. Said bonds are part of an authorized issue in the aggregate principal amount of $4,000,000.00, of which $1,430,000.00, designated Series A, have heretofore been issued and $1,430,000.00 are now outstanding;

(The remaining $1,910,000.00 principal amount of said authorized issue may be sold when and as determined by said Board of Supervisors, but it is anticipated will not be offered for sale prior to MARCH 1, 1964.)

DATE: All of said bonds are dated DECEMBER 1, 1963.

INTEREST RATE: Maximum five (5) per cent per annum, payable annually for the first year on DECEMBER 1, 1964, and semi-annually thereafter on JUNE 1, and DECEMBER 1, in each year. Bidders must specify the rate of interest which the bonds hereby offered for sale shall bear. Bidders will be permitted to bid different rates of interest and to split rates irrespective of the maturities of said bonds, except that no bond may bear more than one rate of interest or more than one coupon to evidence any interest payment. The interest rate or rates stated in the bid must be in multiples of 1/8 or 1/20 of one per cent per annum, payable as aforesaid.

MATURITIES: Said bonds mature serially in consecutive numerical order from lower to higher (without option of prior redemption) as follows:

PRINCIPAL AMOUNT	MATURITY DATES
$30,000.00	DECEMBER 1 1965 to 1968, both inclusive.
$25,000.00	1969 to 1980, both inclusive.
$35,000.00	1981 to 1988, both inclusive.

PAYMENT: Both principal and interest payable in lawful money of the United States, at the office of the County Treasurer of said County.

EXECUTION AND REGISTRATION: Coupon bonds will be issued by said Board of Supervisors on behalf of said District. Said bonds will be executed by the manual signature of at least one official authorized to execute the bonds. Said bonds are registrable only as to both principal and interest.

PURPOSE OF ISSUE: Said bonds were authorized by more than two-thirds of the voters voting at an election held in said District on FEBRUARY 7, 1961 and will be issued and sold for the purpose of raising money for authorized school purposes.

SECURITY: The bonds are general obligations of said District, and said Board of Supervisors has power and is obligated to levy ad valorem taxes for the payment of said bonds and the interest thereon upon all property within said District, subject to taxation by said District (except certain intangible personal property, which is taxable at limited rates), without limitation of rate or amount.

TAX EXEMPT STATUS: In the event that prior to the delivery of the bonds the income received by private holders from bonds of the same type and character shall be declared to be taxable under any Federal Income Tax laws, either by the terms of such laws or by ruling of a Federal Income Tax authority or official which is followed by the Internal Revenue Service or by the decision of any Federal Court, the successful bidder may at his option prior to the tender of said bonds by the Board of Supervisors, be relieved of his obligation under the contract to purchase the bonds and in such case the deposit accompanying his bid will be returned.

LEGAL OPINION: The purchaser will be required to furnish his own legal opinion as to the legality of said bonds.

TERMS OF SALE

HIGHEST BIDDER: The bonds will be awarded to the highest responsible bidder or bidders considering the interest rate or rates specified and the premium offered, if any. The highest bid will be determined by deducting the amount of the premium bid (if any) from the total amount of interest which the District would be required to pay from the date of said bonds to the respective maturity dates thereof at the coupon rate or rates specified in the bid and the award will be made on the basis of the lowest net interest cost to the district. The lowest net interest cost shall be computed on a 360-day year basis. The purchaser must pay accrued interest from the date of the bonds to the date of delivery. The cost of printing the bonds will be borne by the district.

RIGHT OF REJECTION: Said Board of Supervisors reserves the right in its discretion to reject any and all bids and to waive any irregularity or informality in any bid.

PROMPT AWARD: The Board of Supervisors will take action awarding the bonds or rejecting all bids not later than 24 hours after the expiration of the time herein prescribed for receipt of proposals; unless such time of award is waived by the successful bidder.

PROMPT DELIVERY: Delivery of said bonds will be made to the successful bidder at the office of the County Treasurer of said County as soon as the bonds can be prepared which it is estimated will be within 90 days from the day of sale, but not prior to the date of the bonds.

RIGHT OF CANCELLATION: The successful bidder shall have the right, at his option, to cancel the contract of purchase if the bonds are not tendered for delivery within 60 days from the date of sale thereof, and in such event the successful bidder shall be entitled to the return of the deposit accompanying his bid.

FORM OF BID: All bids must be for not less than all of the bonds hereby offered for sale, and for not less than the par value thereof and accrued interest to date of delivery. Such bids, together with bidder's check, must be enclosed in a sealed envelope addressed to the Board of Supervisors of said County, and endorsed "Proposal for School Bonds of JEFFERSON UNION HIGH School District, of SAN MATEO County."

BID CHECK: With each bid must be submitted a certified check or cashier's check for $3,000.00, drawn on a bank or trust company transacting business in the State of California, payable to the order of the County Treasurer, to secure said District from any loss resulting from the failure of the bidder to comply with the terms of his bid. In addition bidders are requested (but not required) to supply an estimate of the total net interest cost to the District on the basis of their respective bids, which shall be considered as informative only and not binding on either the bidder or the District. Checks of the unsuccessful bidders will be returned by the County Clerk by mail, upon the award of the bonds. No interest will be paid upon deposit made by the successful bidder.

There is no controversy or litigation pending concerning the validity of the above issue, the corporate existence of said District, or the title of the officers to their respective offices.
